Notice Concerning Changes in Reportable Segments

RENAISSANCE, INCORPORATED (hereinafter referred to as the “Company”) hereby announces that at its Board of Directors meeting held today, it resolved to change the reportable segment starting with the financial results for the fiscal year ended March 2027 in the First Quarter.

Notice

1. Reason for Change

Previously, the Company had a single reportable segment, the “Sports Club Operations Business.” However, the Home Fitness Business has been newly added, and the sales scale of the Nursing Care and Rehabilitation Business is expanding through aggressive M&A in recent years. Furthermore, in the “2026–2030 Medium-Term Management Plan” announced on May 8, 2026, the Company set “accelerating the growth of the other businesses such as Home fitness business and Nursing care and rehabilitation business” as one of the key pillars of its strategy, aiming to build a business portfolio that does not rely solely on the Sports Club Business.

In light of this situation, the Company will change its reportable segments to accelerate business portfolio management and enhance dialogue with stakeholders by improving the transparency of information disclosure.

2. Overview of Changes

The reportable segments will be changed from a single segment of “Sports Club Operations” to “Sports club and related business”, “Home fitness business,” and “Nursing care and rehabilitation business”.

(Before change)

Reportable segments
